

Blue Stream Construction Begins in September!

Last week the Board of Directors was updated on the progress that has been made by Blue Stream. Their Network Build & Installation Schedule is as follows:

Design Stage: May - Aug 2022

This stage consists of Planning, Permitting and Staging

Network Construction: Sept 2022 - Oct 2023

This stage consists of Final Designs, Equipment Installation, Customer Registration, and Community Beta Testing.

Installations: June - Dec 2023

All residents that have signed up for Blue Stream service should be fully in service

Thank you all for your patience and understanding while this project is being implemented and service installed.
